# Daniel Fiuza Dosil

Data Scientist & AI Engineer · Lead Data Scientist at Range

dafiuzadosil@gmail.com | danielfiuza.com | github.com/Daniel-FD | linkedin.com/in/daniel-fiuza-dosil

Takes ML from raw data to production and judges it by the decision it changes. At Range: data pipelines, ML models and AI features for blockchain security and stablecoin compliance; before that, led the award-winning AI system for Citizens Advice Scotland. Engineering PhD, Imperial. Product-driven; works remotely and in writing.

df.experience().sort_values('start', ascending=False)
```

Out[1]:

| period | organisation | highlights |
|---|---|---|
| Apr 2025 present | **Range** *Lead Data Scientist* | ML for blockchain security and stablecoin compliance: **$35B+ in monitored assets across 21 integrated chains**. Real-time multi-chain data pipelines on ClickHouse; ML risk scoring for addresses and transactions (KYT/AML); anomaly detection; USDC and sanctions compliance monitoring; LLM agents in production. |
| Mar 2025 present | **Imperial College London** *Research Associate* | Part-time. Machine learning for biomarker discovery in allergy and immunology clinical trials. |
| 2022 Mar 2025 | **HelpFirst AI** *Lead AI Engineer* | Led the award-winning AI system for Citizens Advice Scotland: **£400k a year saved**; **2023 ScotlandIS Tech for Good Award**. Callers reach a local bureau in under a minute, not up to 24 hours. LLM prompt engineering, evaluation and fine-tuning; GDPR-compliant AI; open-sourced `AI-Prompt-Optimiser`. |
| 2021 2024 | **Bryant Medical** *Lead Data Scientist* | Patented AI biometric system: 3D facial scans with 12 critical measurements (**US patent application 19/479,666**). Led Innovate UK-funded COVID-19 detection from breath biomarkers; owned ML, data engineering, cloud deployment and hiring. |
| 2021 2021 | **loveholidays** *Data Scientist* | Fixed-term. Recommendation system (gradient-boosted trees, user clustering): an expected **2.8× in bookings** and about **£17M a year** in revenue. |
| 2017 2021 | **Teaching** *Lecturer, TA, tutor* | Associate Lecturer, London South Bank University (2019–21); Graduate Teaching Assistant, Imperial College London (2017–20); private tutor, First Tutors (2017–21). |
